

# About EDPR NA Distributed Generation

Accelerating the adoption and success of distributed generation

EDPR NA Distributed Generation's team has in-depth market knowledge, technical and transactional experience, and a full-service project development offering that has made us the largest distributed generation player in North America. Combined with global access to financing through our parent company EDP, we build distributed generation investments that last.

Our team's hard work and attention to detail has resulted in industry awarded projects with some of the most notable names in U.S. market. From development and construction to financial structure and O&M, our goal is to deliver optimal onsite solutions to our customers. We consistently take a long-term view in building and maintaining our customer and industry relationships, ensuring integrity in project development, extensive product and technology expertise, and an unparalleled market insight.

## Services provided

- Design
- Financing
- Procurement
- Construction
- Operations
- Maintenance
- Asset Management
- Stakeholder Engagement

## Types of projects

- Rooftop Solar
- Carports
- Ground Mounted Solar
- Storage
- Community Solar
- EV Charging
- Floating Solar
- Energy Efficiency
- Micro-grids

## About EDPR NA Distributed Generation

At EDPR NA Distributed Generation (EDPR NA DG), accelerating the adoption and success of distributed generation is at the core of our mission. EDPR NA DG provides cutting-edge innovative renewable energy services across North America. Built on long-standing relationships with developers, power generators, corporate purchasers, municipalities and local communities, EDPR NA DG delivers a full suite of offerings ranging from financing and development to construction and operation of energy and storage assets poised to scale. To date, EDPR NA DG has an operating capacity of 290 megawatts (MW) across more than 530 active sites.

EDPR NA DG is a subsidiary of EDP Renewables (Euronext: EDPR), a global leader in the renewable energy sector. EDPR is the world's fourth-largest producer of wind and solar energy and is present in 28 markets in Europe, North America, South America, and Asia-Pacific. With headquarters in Madrid and leading regional offices in Houston, São Paulo, and Singapore, EDPR has a sound development portfolio of top-level assets and market-leading operating capacity in renewable energies. Particularly worthy of note are onshore wind, distributed and utility-scale solar, offshore wind (OW - through a 50/50 joint venture), and technologies to complement renewables such as storage and green hydrogen.

EDPR's employee-centered policies have received recognition such as Top Workplace 2023 in the USA, Top Employer 2023 in Europe (Spain, Italy, France, Romania, Greece, Portugal, and Poland) Colombia, and Brazil, and are also included in the Bloomberg Gender-Equity Index.
